GENERAL DESCRIPTION

NBCF is proud to launch the National Breast Cancer Foundation Zero range of safety eyewear. Designed and developed in Australia and incorporating the latest technologies and materials, these safety spectacles combine medium impact protection with superior Anti Fog and Hard Coat lens treatments. "By purchasing this product you are helping the NBCF to fund life changing research into the prevention and cure of breast cancer."

KEY TECHNOLOGY

ADDITIONAL FEATURES

- ▶ Durable and resilient polycarbonate lens build
- ▶ Base 8 curve provides excellent optical clarity and an extended wrap for increased side protection

RADIATION GUIDE

UVA/UVB 280-380nm	UV light rays from the sun are invisible to the eye yet can cause serious damage including corneal blistering, cataracts, premature ageing, conjunctivitis and partial blindness
Visible Light 380-780nm	Intense visual bright light can cause retina damage and create visual perception issues
Blue Light 380-500nm	Blue Light rays from the sun or artificial lighting like neons, cause eye strain and fatigue. Colours and definition can be adversely affected. In extreme cases blindness can occur
Infra Red Light 780-1400nm	Infra Red rays from the sun or mechanically heat generating applications like gas welding can cause eye dryness and corneal damage, macular degeneration and blindness

STANDARDS & CERTIFICATION

NBCF source their entire Zero range of safety eyewear from a single manufacturing partner to ensure consistency and reliability of product. Most importantly NBCF have taken a further step by engaging SAI Global to periodically audit and certify both the manufacturing process and the product. All of NBCF's Zero safety spectacles are certified to AS/NZS 1337 and are medium impact approved.

NBCF recommends that you only wear safety eyewear that displays the Red Tick Tower for genuine Australian Standards Certification.

Issue 01 August 2016 | Made In Taiwan

PART NUMBER

NBCF20E, NBCF21E, NBCF22E, NBCF23E, NBCF24E, NBCF25E, NBCF26E

EYEWEAR CARE

NBCF recommends eyewear is cleaned using exclusive FogOff non alcohol spec wipe. Part number EFP950.

PACKAGING

1 pair per poly bag
12 pairs per inner box
144 pairs per ctn
